In the United States, over 3 million burglaries are committed annually, and 60% of those crimes involve private residences. Mr. and Mrs. Carl Brooks took In 1.975, burglaries accounted for dinner with Olive Davis Friday nearly one-third of all reported

Further, the incidence of burglary has increased more rapidly in rural and suburban areas in tial burglaries in Maine rose during the first six months of 1976 by 8.7%. Even more alarming, the value of the property stolen during residential burglaries jumped 76%, to \$1.8 million in early 1976. Only 7% of those stolen household goods were ever recovered.

Clearly, a need exists for stronger protective measures. The increased incidence of burglaries in Maine has prompted me to contact Clarence M. Kelley, the Director of the Federal Bureau of Investigation, to learn what means of Federal assistance are available to aid local and state law enforcement agencies to combat residential burglaries in the State.

In addition to the efforts of measures can contribute to a decrease in crime. Burglary is one major crime that can be effectively resisted by each citizen taking positive action at home to reduce his own vulnerability.

REBELS HOLD 15-POINT EDGE OVER LEAVITT FRIDAY

Visiting Telstar burned Leavitt from the foul line, employing a 19-2 advantage, to more than account for the margin of victory Friday night in the Rebels' 59-44 Mountain Conference basketball win over the Hornets.

The Rebels outscored Leavitt 22-8 in the second period and outrebounded them 19-6 for a 31-18 halftime lead. The two teams played about

equal in the second half. The Rebels switched defenses effectively to confuse Leavitt's offense. Smith wound up high scorer for Leavitt with 18 points and Rick House was right behind with 16,

but those two accounted for 34 of Leavitt's 44 total. B. G. Flynn paced the Telstar attack with 15 points and Dan Cummings added

To the Editor: I wanted to take a moment to congratulate the "Bethel Community Advisory Safety Committee," who took the current loitering ordinance which they said (in last week's Citizen) "is too general in nature to obtain convictions" and changed it to an ordinance general enough to convict: a person pushing a baby carriage too slowly, a senior citizen walking with a cane, a person on crutches, anyone who pauses to read the I. G. A. bulletin board, two people who dare to stop on a sidewalk to discuss the weather and many other people who commit the terrible crime of "hindering" or in-terrupting the passage of "pedes-

Matt Brooks Belfast, Maine

Jan. 25, 1977 A few days ago I came across the following "Gem" that you

and your readers might like to share with me. Seems there was this traveller who was walking down a country lane one chilly fall morning, when

To the Editor:

he came upon a small bird that had waited around a dite too long before flying south for the win-ter, lying on the ground shivering and half-frozen. He picked up the suffering bird, put it in his coat pocket and continued down the lane wondering what he might do to alleviate the poor creature's After a time, the traveller pass-

ed a dairy farm and noticed that that behind the barn there was a fresh, steaming pile of cow man-ure. The traveller placed the bird in, covered it up and went along his way with uplifted spirits for having saved the bird's life.

A few hours passed and the bird, which had been unconscious

throughout its rescue from the roadside, began to thaw out. As it regained its wits, the bird recogregamed its wits, the bird recognized its surroundings and began a loud, indignant chirping as a scold against whomever was responsible for placing it in such a disgusting mess. Attracted by the loud chirps a roung for agme loud chirps, a roving fox came to the manure pile, dug the bird out and gobbled it up for lunch.

There are here three morals: Whoever puts one in a mess isn't always his enemy. Whoever gets one out of a mess isn't always his friend. And most importantly, if one finds himself in a mess, he should keep his mouth shut.

Certainly someone can make a practical application of these lessons. There may even be in the area covered by The Bethel Citizen local, direct parallels that with this story in mind frowns may be turned to smiles.

Have a good day.

CHURCHES BORN ANEW Dr. J. Philip Jackson

Community Church Rumford Center

Our churches can become staid and settled over the years. They can mature in wisdom and experience, but be smug in their debt to the past. Man-made traditions and set forms of worship can become more binding than any other religious chain. Our out-dated constitutions and by-laws are dealing with problems that no longer exist. Most of us follow programs and procedures geared to the Stone Age.

The blazing, burning, Holy Ghost anointed sons of God, have solidified and cooled to a deadly and respectable Religious society. Revival glow and glory has dulled to a dead routine.

INGS OF THE LORD ARE NEW

EVERY MORNING! Dreams and memories may bethe warmth of life's autumn; but this generation needs Revival, It is REVIVAL OR REVOLUTION! Either our churches have a Revival or the rot of formalism sets in and we become museum pieces.

Man's way is to preserve and conserve the status quo; God's will is Renewal!

The Church needs no bearded Revolutionaries to overthrow the status quo. We need God to restore the primitive faith and holy

simplicity of New Testament Christianity.

May God make His ministers "flames of fire," not ecclesiastical errand boys. May we have an enlargement in all our churches, sothat 1977 will be a spiritual mile stone in church history, an enlargement beyond all recognition.

Week: for outdoor winter-lovers— Beware of Frostbite symptoms: 1. Skin turns white or grayish yellow; 2. pain may or may not be present; 3. part feels cold and numb. Treatment: 1. Cover the warm drink (no alcohol); 4. Rewarm frozen part quickly by immersing in warm water; 5. Do Not-Rub—treat gently; 6. Exercise after rewarming.

NOTICE OF PROPOSED LOCATION AND DESIGN APPROVAL STATE ROUTE 26 IN THE TOWN OF NEWRY OXFORD COUNTY FEDERAL AID PROJECT RS .-- 0178(3)

The Maine Department of Transportation, Bureau of Highways, hereby gives notice of intent to take action relative to the location and design of a project on State Route 26 in the town of Newry. The intended action is described below: Location and Design

The proposed project on State Route 26 in the town of Newry involves two sections. One section involves the reconstruction of Wight Brook Bridge which is located about 0.5 mile south of the Grafton town line. The new structure will be located about 50 feet downstream from the existing bridge and will be constructed 34 feet in width between bridge rails. The total length of this project is about 0.25 mile. Section two begins about 2.63 miles south of the Grafton town line and extends northerly along the existing highway about 0.2 mile, thence on new location easterly of the existing highway about 0.4 mile and reentering the existing highway at the end of the proposed project. The total length of section two is about 0.68 mile. The roadway will be designed 34 feet in width made up of two 11 foot wide travel lanes with 6 foot wide bituminous treated shoulders on each side. The total width of right of way required for the project is 100 feet or 50 feet on each side of the new centerline. Where the proposed right of way limits would come in close proximity to residences or business establishments, the width of right of way may be reduced to avoid the taking of buildings. Where the construction limits extend beyond the new right of way limits, additional easements will be acquired.

This proposed location and design is generally in accordance with the preliminary plans as presented at an informal meeting on October 19, 1976 in the Raymond Foster School in Newry.

Maps, drawings, the Location-Design study and Environmental assessment, and other pertinent information developed by the Bureau of Highways and written views which have been received by the Bureau from interested individuals, groups and agencies are available for public inspection and copying at the home of the Chairman of the Board of Selectmen of Newry, by appointment, by calling 824-2292 between the hours of 8:00 A. M. and 5:00 P. M., Monday through Friday.

This week's column is about the functions of the Gould Academy Student Council. Students are elected to represent each dorm and the town students at the beginning of each term. Any student grievances can be taken to their respective representatives and the problem can be efficiently resolved through the Student Council.

The Student Council's major source of income, used for the benefit of the student body, comes from the smack bar. Other sources are vending machines in each dorm, the juke box, and dances. The snack bar is located in the Union, where students can gather during their free time. They can plap ping pong or watch televi-sion. The smoking room and stu-

EVENINGS AND SUNDAY BY CHANCE OR APPOINTMENT

- Miss Amy Hanscom, Corres.

Bear River Grange #285 met Saturday evening at the Community Room of the Bethel Savings Bank, for their January meeting. The meeting was called to order by Worthy Master Raymond Tripp Jr., at 7:30 p. m. and a long but interesting meeting continued. The many items of business were discussed by the members and appropriate action taken. As there was a visiting non-member waiting to speak about the Postal Service, the business meeting was comtable. This bell is the lecturer's any legislation in that area duremblem. The Grange theme, Bells of the future and the Grange song is any Bell song. The lecturer also called attention to the many lecturer's contests, and expressed hope that some of the members might participate in these contests. As this meeting was called "Grange Resolution Night" the next number on the program was reading, "Resolutions for a Good Granger" by the lecturer.

Members were then asked to suggest some resolutions or suggestions for the betterment of the Grange. These suggestions were copied down and will be posted on the bulletin board for future reference. The Worthy Lecturer ended the list of Resolutions by stating that throughout the year, he will bring to the attention of the Grangers, many of the Grange Laws and Edicts, in hope that we may better understand the rules, so as to follow them more closely. Some of the laws were then read by the Lecturer, who also spoke of the changes needing to be

At this time Brother Ronnie Kendall, mail carrier from the Bethel Post Office, was introduced, and asked to speak. Ronnie showed pictures, taken in the Bethel Post Office, so to help us better understand how the mails are sorted and handled by the workers there. The Grangers were enlightened on the many aspects of the Postal Service, including some of the trials and tribulations of the carriers themselves. A question and answer period followed, and Ronnie, a twenty year veteran of the Postal Service had the answers. This was a very interesting and informative

This week in Augusta two citizens groups, Save Our State and Maine Towns for Fair Taxation, submitted petitions containing 50,000 signatures to force a referendum on the Repeal of the Uniform Property Tax. Unless the legislature should choose to enact a repeal of its own, the referendum will go to the voters in the fall. There was some fear that forcing the referendum would prevent the Legislature from passing reforms of the school funding law. pleted before having the literary I don't feel that this will be the program, which was as follows: case, however. > Despite nearly unanimous opposition by Republican Legislators, the Legislature has authorized the creation of a House Appropriations Table, where all bills surviving committee work and initial House action may be placed at the end of the session.

I voted against the House appropriation Table, because the measure would cost the state about \$30,000 for every day the legislature is in session. The creation of this measure could cause an increase in political infighting over money bills.

The Oxford County Legislative delegation chose Senator Philip C. Jackson (R-Harrison) chairman and Senator Donald O'Leary (D-Mexico) Vice Chairman, and myself as Secretary on Wednesday. The del-gation will meet next Tuesday to finalize the county budget. I spent Saturday in Hanover and

A couple short, amusing stories were read as the grand finale to the literary program. A bountiful lunch, served by the ladies, followed. A birthday cake, made and decorated by Sister Josephine Tripp, was presented to brother Earl Hutchinson. The Happy Birthday song was sung and all ate ice cream and cake and other goodies. The meeting came to a close after a very interesting and

IRS ANNOUNCES NEW PROBLEM RESOLUTION

Maine taxpayers who feel their tax problems are not receiving prompt and appropriate attention from the Internal Revenue Service can turn for assistance to a newly-created IRS Problem Resolution Group in Augusta, according to J. J. Jennings, District Director of Internal Revenue Service for Maine, "This group is designed to reduce delays inherent in a large organization such as ours and to provide quick assistance to a taxpayer who has a legitimate

Discussing how the Problem rest of the state. Resolution Program will operate in the Augusta District, IRS Director Jennings emphasized that conditions, and more than 100 as taxpayers should seek assistance more severe than average, the from the Problem Resolution Group only if they cannot obtain proper resolution of their problem through "normal" IRS channels, such as the Taxpayer Service Offices, the Collection or Au-

dit Divisions, etc. Some of the difficulties that Problem Resolution Groups will handle include billing and payment credit misunderstandings, failure to get a definitive answer to a question, failure by IRS to respond properly to taxpayer communications, and the misunder-standing of IRS correspondence.

By establishing the Problem Resolution Group, Jennings said, the IRS hopes to determine the nature, variety, volume and causes of problems not being resolved through existing channels, and be able to provide remedies.

Taxpayers may call 622-6171, Ext. 450, visit the Problem Reso-Iution Group in person located in the Augusta IRS office, 68 Sewall Street, Taxpayer Service area on the ground floor, or write to the Problem Resolution Officer, P. O. Box 1020, Augusta, Maine 04330. Jennings emphasized that taxpayers writing about a problem should include their telephone number as well as their return ad-

HOME OFFICE DEDUCTIONS LIMITED BY NEW TAX LAW

Individuals who maintain an office at home will have to meet tougher restrictions to deduct expenses related to the office on their 1976 Federal income tax returns, advises J. J. Jennings, District Director of Internal Revenue Service for Maine.

The restrictons, part of the Tax Reform Act of 1976 are retroactive to January 1, 1976. Basically, the restrictions permit self-employed taxpayers to deduct expenses for of the home claimed is used ex. Bethel, Locke Mills, Roxbury Pond clusively and regularly for busi. and Upton.

In addition, unless the taxpayer uses the room to meet clients, customers or patients, it must be the taxpayer's principal place of

Salespeople and other employees can claim the deduction only if they maintain their office at home for the convenience of their employer and satisfy the above re-

quirements, Jennings said.

Another requirement of the law limits deductions for the expenses of operating an office at home, such as rent and utilities, to no more than the income produced in that office.

Jennings added that tax packages mailed to taxpayers provide information on deducting expenses information on deducting expenses for use of a home under the new tax provisions. Additional details are covered in IRS Publication 587, "Business Use of Your Home." The free publication may be obtained by writing "Pub. 587" on the order blank enclosed in tax packages, or by contacting the IRS using the new "forms only" calling numbers: Within the Augusta calling area 622-3793 and from the rest of Maine toll-free at 1-800-452-8700.

The Maine Public Utilities Commission, in a 2-1 decision, late last Friday ordered Continental Telephone Company of Maine to decrease annual gross revenues by no less than \$408.306.

Continental Telephone of Maine, serving approximately 33,000 customers with telephone service in various towns and cities in Oxford, Penobscot, Cumberland, Hancock, Kennebec, Androscoggin, Lincoln, Knox, Aroostook and Waldo Counties, filed a request with the PUC last April 22 to increase annual operating revenues by \$510,488. Oxford County towns have been very scarce. served by Continental Telephone are: Andover, Bethel, Fryeburg, Hebron, Lovell, North Lovell, North Fryeburg, Norway, West

Public hearings on the request were held in Augusta on Sept. 10, Nov. 3, 4, 5, 22, 23, and Dec. 6, 10 and 21, and many members of the public testified concerning extended area (or toll free) service and

quality of service.

In the majority decision, Commissioners Ralph H. Gelder and Peter A. Bradford ordered the revenue decrease based on evidence presented by staff experts to the

The Commissioners noted that ordering a rate decrease in a case initiated by request for an increase is not a situation that confronts them often, for few utilities subject themseves to rate review at a time when previously established PUC adjustments routinely applied would mandate a substantial decrease.

The Commission concluded that it "has the power to order a reduction, and we are under a clear duty to do so if the evidence warrants such action."
